

BENEFITS

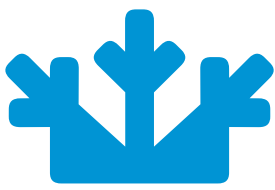

Elegance series promotional plug in lowmultideck is specially designed for the sale of products such as charcuterie and delicatessen with total visibility of the exposed product.

They facilitate the exhibition and sale of promotional or cross-selling products since they offer excellent flexibility of implementation to put them where, as and when you want and combine traditional service sales with the self-service regime.

Its 2 exposure levels and its built-in unit facilitate its use in any area of the sales area.

Its front tempered glass display allows you to reduce energy consumption to improve its energy efficiency index without penalizing the display or capacity of the exposed product.

CARACTERÍSTICAS TÉCNICAS

Estructura

Exterior en chapa de **acero plastificada**.
Encimera de trabajo en acero inox **AISI 304**.
Bancada de **acero esmaltado**.
Decoración en **DM lacado** con iluminación **LED**.
Cortina nocturna.
Interior en chapa de **acero plastificada**.
Plano de exposición en **acero esmaltado**.

Refrigeración

Desescarche automático.
Sistema de **Condensación Ventilada**.
Sistema de **Evaporación Forzada**.
Bandeja evaporativa en **acero** inoxidable con **doble cuba**, una a gas caliente y otra con Resistencia eléctrica.

TECHNICAL CHARACTERISTICS

Structure

Plastic coated steel exterior.
AISI 304 stainless steel worktop.
Enamelled steel base.
DM lacqued decoration with **LED lighting**.
Night curtain.
Plastic coated steel interior.
Enamelled steel exposure surface.

Refrigeration

Automatic defrost.
Ventilated condensation system.
Forced evaporation system.
Stainless steel evaporative tray with **double vat**, one for hot gas and another with electrical heater.
